NOTABLE ACCOMPLISHMENTS ACROSS THE DECADE

- **Operational Efficiency:** Drove a 40% increase in productivity by conducting in-depth workload assessments and restructuring operational processes, significantly enhancing team efficiency.
- **Performance Reporting Innovation:** Designed a streamlined performance reporting template, reducing preparation time for client materials by 80%, greatly improving turnaround time and responsiveness.
- **Governance & Compliance Leadership:** Developed and implemented comprehensive application governance policies, resulting in a 40% reduction in compliance breaches and a 25% improvement in data security protocols, strengthening organizational resilience.
- **Client Onboarding & Migration:** Successfully migrated 60+ clients to a new platform, achieving a 50% reduction in support tickets and enhancing overall client satisfaction and retention through improved service delivery.
- **Entity Restructuring & Governance:** Led incorporation of a new subsidiary as a direct arm of the US parent entity, simplifying the operating model, strengthening governance, and enabling scalable cross-border operations.
- **Information Security Leadership:** Appointed Chief Information Security Officer (CISO) and achieved ISO 27001 certification, while establishing SOC readiness through control framework design, risk assessments, and compliance process implementation.
- **Cost Optimisation:** Delivered ~USD 200,000 in annualized savings within six months via strategic vendor optimization, SaaS consolidation, workforce training, offshore transition to India, and end-to-end process automation.
- **Financial Reporting Enhancement:** Standardized enterprise Chart of Accounts, improving reporting consistency, data accuracy, and multi-entity consolidation efficiency.
- **Month-End Close Acceleration:** Streamlined finance processes and implemented structured team training, reducing global book closure timeline from BD10 to BD8 and enhancing audit readiness.

- **Management Reporting Improvement:** Redesigned MIS reporting framework, accelerating management reporting timelines by 2 days and improving executive visibility into financial and operational performance.
- **Executive Compliance Oversight:** Ensured corporate-wide adherence to statutory, regulatory, cybersecurity, and governance requirements as Executive Director, providing executive-level compliance oversight.
